SEQUOIA BONDS AND TRUSTEE RACE UP TODAY

Gilmore Plans Renewed Fight For Liquor Law

Measure Exempting San Mateo County To Be Submitted

Organized liquor interests today were preparing another legislative thrust to back their invasion of territory immediately adjacent to Stanford University and Palo Alto, it was revealed with announcement of Assemblyman Joseph Gilmore of San Francisco that he will attempt to drag the Gilmore bill out of the assembly public morals committee.

"I've got 45 votes already," Gilmore claimed, "and we'll bring my bill out of committee and on the floor of the assembly in a few days." Forty votes are required to accomplish this move, it was pointed out.

Gilmore's measure was tabled two weeks ago after a heated hearing from which a citizens' group representing property owners of Menlo Park, Stanford and Palo Alto emerged victorious over a delegation appearing in behalf of 17 Menlo Park liquor vendors.

As it was first presented, the Gilmore bill sought to amend the present law prohibiting the sale of intoxicating beverages within a mile and a half of the Stanford campus boundaries by changing the restricted area to only that district lying within one mile of the university's administration building.

"I am going to let the mile and a half provision stand," Gilmore said, "but insert a proviso that the law shall apply only to territory lying within the county in which the university's administration building is situated."

This amended clause would enable liquor vendors and resorts selling liquor to operate in Menlo Park and on the state highway frontage immediately north of San Francisquito Creek bridge.

[EDITORIAL]

SEQUOIA MUST BE KEPT OPEN AND MUST BE QUAKE-PROOFED

Sequoia district voters should keep uppermost in their minds today as they stamp their ballots on the $75,000 bond issue the calamitous dangers inherent in weak walls and roofs of the condemned high school buildings.

Let them imagine the slaughter of young lives should the buildings collapse in the event of a severe earth disturbance upon the heads of the 1300 or more Sequoia students.

If they think of these dangers, the voters will better understand the attitude of the Sequoia trustees in declaring that the plant wi'l be shut down if the bonds fail to pass.

The trustees point out that the law is clear as to their moral and legal responsibilities in safeguarding the lives of children given into their care. In calling the bond issue they had no other course open to them.

If the bonds fail to pass, the school district will be put to the expense of providing tents and wooden frame buildings to house the classes; a costly alternative until the community sensibly decides to settle the question properly. The cost of the portable structures, plus the eventual repair of the school buildings, will create a greater burden than will be the present plan of doing the job properly and having it done for all time.

To undertake the work at this time will give employment to men who need it. It is in times such as these that public works should be undertaken.

Sequoia is the largest high school unit on the San Francisco peninsula and is an institution of which the district has always been proud. It is a great asset in attracting homeseekers and it has a great commercial value to the district. Opposition to the bonds will only mean a retarding of the progress of the district and would throw this area out of step with more progressive communities.

READ THIS!

The $75,000 rebuilding cost is less than 15 per cent of the $483,929 invested in the Sequoia buildings. The school grounds and balance of the plant bring the investment to about $750,000 or $800,000. The cost to the holder of $5000 worth of property in protecting this investment will be but 65 cents per year; a cost that certainly can be borne in the cause of education.

The bond issue will put children in safe schools and will, incidentally, put men in jobs. Let us keep these two points in mind today.

$75,000 Issue To Strengthen Buildings Set

Layng and Woodhams Seek Post Vacated By W.T. Kellogg

Only two contests—one between John Layng and Clifton Woodhams for the vacant trustee position on the Sequoia Union High School board and the other between Alfred S. Johnson and Mrs. Verna Brown for trustee of the Ravenswood school—will mark the election for school trustees today.

Overshadowing the trustee contests is interest in the $75,000 Sequoia bond issue for earthquake-proofing seven buildings at the high school. The buildings have been condemned as unsafe by the state after a survey, and several units have already been closed by the board of trustees.

The plant will be completely shut down if the bonds fail to carry, James D. Hedge, president of the board of trustees, has announced.

The bonds represent but $75,000 of an investment in buildings of $483,929. The cost to the holder of $5,000 worth of property will be 65 cents per year.

Clarence M. Doxsee is unopposed for re-election in the Redwood City Elementary School District.

Layng and Woodhams oppose each other for the board vacancy left by County Executive Walter Kellogg whose term expires May 1. Mrs. Brown is incumbent on the Ravenswood board and is opposed for re-election by Johnson. For Redwood City, the Central school on Broadway near the court house is the polling place. All polls will be open from 10 until 7 p. m.

In the other Sequoia Union High School districts, the candidates are unopposed.

Following are the unopposed candidates for election in the districts and the schools at which the voting will take place.

Woodside school—O. E. Blackington.

Belmont school—Louis A. Barrett.

San Carlos school — Henry A. Jacopi.

Las Lomitas school—Mrs. J. B. Canning.

In Menlo Park no one has filed a candidacy to replace John Aabel whose term expires and the vote there will be a write-in ballot. George R. Angus, a native of Menlo Park, has consented to be a candidate for the office, it was announced this morning. Mr. Angus has two sons in the Menlo Park schools.

Girl Scouts Get Cake Auctioning Proceeds Apr. 5

The entire proceeds from the auctioning of cakes that will take place Friday night, April 5, in the McKinley school auditorium after the winners in the Old Fashioned Cake Baking Contest have been announced, will be turned over to the Girl Scouts of the Sequoia district.

A special prize will be given for cakes entered by Girl Scouts, and participation in the cake baking contest will bring points that will count for cooking merit badges, Mrs. C. C. Filsinger, of the Girl Scouts' council here, announced today.

The contest is open to all and entry blanks and rules will be found on page 6 of today's paper.

A program of entertainment starting at 7:30 p. m. will precede the awarding of prizes to the winners and the auctioning of the cakes by Mayor Charles Lambert and Thomas W. Cutting.

This Old Fashioned Cake Baking Contest is being sponsored by the Girl Scout Council of the Sequoia district in co-operation with The Tribune.

FAIR SITE PROPOSED

A proposal that San Mateo unite with San Francisco county to stage the 1938 World's Fair in the "Golden West Park" was made today by E. L. Cougle, 1360 Clay street, San Francisco.

HEALTH CAMPAIGN HEADS PAY VISIT

Thompson, Lightburne Explain Objectives Of Campaign

In the interests of a better health campaign now being conducted in California cities, Lloyd C. Thompson, national director, and James E. Lightburne, state director, of the Physicians' Expansion Bureau, visited Redwood City yesterday.

LLOYD C. THOMPSON

The better health campaign is being sponsored locally by Frederick G. Musso, drug store proprietor.

The objection of the campaign is to advise the public that modern medicine can conquer virtually every ailment if treatment is begun soon enough by a doctor of medicine. It also endeavors to educate the laity on the advisability of refraining from the use of "cure-alls" and "quack" treatments.

Musso said that he believes people should have a periodical physical examination by their family physician as a means of checking possible ailments at their inception.

He announced that each week there will be through the columns of The Tribune a better health talk to instruct the people of Redwood City on important matters of medical care.

Thompson commended the high standards and professional attainments of the medical men of Redwood City.

APRIL 5 IS DATE!

* * * * * *

Reporter Just Hungry

* * * * * *

CAKES DUE 9-11

On April 5, a week from Friday, not this Friday as a Tribune reporter, hungry in anticipation of luscious cakes, announced Tuesday, the genuine Old Fashioned Cake Baking Contest will be held at the McKinley school auditorium.

On that Friday Mrs. J. R. Moore, Mrs. C. C. Filsinger and Mrs. Paul Alexander, forming a committee of the Girl Scout Council of Sequoia District, sponsors of the contest in co-operation with The Tribune, will be at the school auditorium from 9 a. m. to 11 a. m. to receive cakes entered in this great "tournament of the ladle."

Hunt Remains Mayor After Star Session

BURLINGAME, March 26.—Allan F. Hunt was apparently still mayor here today, though no one has been able to find out just exactly what transpired at last night's executive session of the city council, at which Mayor Hunt was scheduled to be replaced by another councilman as the city's head.

All the councilmen and the city clerk were mum today about the meeting. No one else was allowed to attend.

Councilman W. W. Hives was scheduled to become mayor, under an agreement arranged by the council some time ago that the office of mayor would be rotated each year.

WYATT TELLS CLUB OF ANZA'S VISIT

Argo Speaks on Need Of Sequoia Bonds To Clubwomen

Roscoe D. Wyatt, secretary-manager of the Redwood City Chamber of Commerce, was principal speaker last evening at a dinner and meeting of the Redwood City Business and Professional Women's Club in the Methodist church.

Speaking on "Anza's Expedition to Found San Francisco," Wyatt said: "The honor of giving America to the world belongs to Spain. Spaniards were not only the first conquerors and colonizers of the new world, but also its civilizers."

A. C. Argo, Sequoia high school principal, spoke during the dinner on the necessity of passing the bond issue to make Sequoia earthquake-proof.

He was followed later by John Gill, elementary school superintendent, who spoke on school legislation now pending in Sacramento.

Elinor Falvey, president of the club unit in San Mateo, also spoke on legislation, discussing the governor's budget plan and taxes. An open discussion followed her talk.

Other features on the program were songs by Mrs. Lois Leese and a one-act play, "Great Moments," given by the adult drama expression class conducted at the high school by Mrs. Bess G. Balcomb. The cast of the play included Helen Brooks, Madeleine Pasini, Charles Gibson and Kenneth Davis.

'Citizen's Night' Set For April 10 Here

Citizens' Night at the Sequoia Union High School, originally planned for Friday, April 12, will be held Wednesday, April 10, because the date conflicted with that of other civic functions, A. C. Argo, Sequoia principal, announced today.

Exhibits of school work will be held, and the teachers will be in their respective rooms to meet parents.

Builders Will View Better Housing Film

Contractors of Redwood City and surrounding district are invited to the showing of a sound film, "Before and After," at the Fire House Auditorium here Thursday evening at 7 o'clock.

The film, according to Elmer Hurrell, plant superintendent for Johns-Manville here, shows the contractor's part in the home modernization work. FHA officials in Washington recently gave their approval to the film.

The highest ocean waves ever reported by reliable observers measured 70 feet from trough to crest.

The first electric street car line in America was opened in Appleton, Wis., in 1886.

HOOVER LIKELY CANDIDATE

The splendid speech of Herbert Hoover at Sacramento last Saturday outlining the principles of the Republican party and his mild criticism of the party in power was generally accepted by Republicans throughout the country as the keynote address for the 1936 campaign.

It is possible that Mr. Hoover may be the Republican standard bearer for next year. To date he is the most available candidate to lead the party to victory.

There is a reaction setting in over the country against the administration which will grow with the coming months and bring about the defeat of the Democrat party in 1936. The people are discontented and feel that the president has not carried out all the promises made in the campaign of 1931.

This dissatisfaction may result in returning the old Republican party to power and restoration of prosperity.

Motorists Pay $31 Into Traffic Court

Thirty-one dollars were paid into Judge Edward I. McAuliffe's traffic court here yesterday and today by nine motorists. George Parodi and Arden Harpe paid $10 each for speeding; Robert Dunn paid $5 on a similar charge, and L. McFetridge, Mrs. C. Fisher, H. Harriff, Al McDowell, James S. James and Abe Kaplan each contributed $1 on parking charges.

SCHOOL BONDS ENDORSED

Following closely action of the Men's Club of the church in voting unanimous endorsement of the Sequoia high school $75,000 bond measure, the Ladies' Aid of the Methodist Church meeting yesterday afternoon also unanimously approved the bonds.

Two University of Michigan research men have concluded that good students read without noticing minor disturbances around them.

Ice cream, so far as is known, was first made and eaten during the 16th century in Italy.

Scott Getting Data On Mills Fair Site

While members of the Mills Field Fair Site Committee were making plans for the next meeting of the group at the Fox Shoppe here Tuesday noon, County Engineer Carl Scott was in San Francisco today endeavoring to recover information gathered several years ago on the field.

Before the airport was established at the San Bruno site, Scott accumulated considerable data on weather conditions at the field and on amount of dirt necessary to fill in the low parts of the site, and by utilization of these data and others available at the engineer's office, the site committee will be able to present to the San Francisco supervisors a picture of the possibilities of Mills Field in case a mainland site for the fair is decided upon.

At the meeting here Tuesday noon further plans for the campaign to secure the 1938 World's Fair for the airport site will be discussed.

CLARK IS CANDIDATE

WOODSIDE, Mar. 27. — Walter L. Clark Jr. of Portola recently filed his candidacy for the local fire commissioner to be elected April 1 at the Woodside firehouse. Clark has lived in Portola for the past 12 years and was formerly manager of the D. W. MacDonough properties here.

At birth, the average pulse rate is 134 a minute, being reduced to 110 during the first year of life. By the age of 14, the pulse rate has slowed to 87.

THE STORY OF OLD GOLD

DON'T BE MISLED

We are sure you will be interested to learn that our fee in purchasing your gold, silver, etc., is far lower than anywhere in San Mateo, San Francisco, or any other place.

The reason that we pay more is that we have no high rents, radio programs, or full page advertisements to pay for, which run into the thousands of dollars and which you must share in paying the bill.

No doubt you know that quite a few so-called gold buyers opened up since the Government has advanced the price of pure gold from $20.67 to $35.00 per ounce. This firm his been in business for over forty years. When you come here you get every cent that rightfully belongs to you. You probably have heard this already from your friends who have sold their articles to us.

Doubtless you have noticed advertisements in San Francisco newspapers in which some pay 25 to 30 cents an ounce for old silver. Our price for nearly a year has been 40 cents an ounce, irrespective of the condition of the articles. If, by chance, some of the articles have a resale value, we pay you 75 cents an ounce.

Shop around, get your prices in San Mateo, San Francisco and elsewhere, then come here for comparison. We are sure that you will receive considerably more here for old rings, watch cases, dental and bridge work, bracelets, and countless other trinkets. You may call and have your articles appraised without any obligation to sell. It does not matter what you think is gold or silver, you may confidently rely on our honest judgment. Small much as large amounts. amounts are appreciated as

When you come here, you do business with a courteous and honest person who makes each transaction a pleasure. If it does not suit your convenience to call at this office, you may phone Burlingame 162 for all information you desire. Beware of crooks!!

May we have the opportunity of serving you soon?

SEQUOIA FACES CLOSING IF BONDS FAIL: HEDGE

School Trustees Point Out That Law Is Clear Regarding Necessity for Safe-Guarding Lives of Students and Teachers

CHAIRMAN CONFIDENT OF OUTCOME

Sequoia high school will be closed if the bond issue to make the school earthquake-proof does not pass in today's election!

This was the announcement made Thursday by James D. Hedge, chairman of the board of trustees of the school. Speaking for the board, Hedge declared:

"I desire to make this definite statement. If the bonds fail to carry Friday, the school buildings, including the academic unit, will be closed. The board will have no choice in the matter legally or morally. The law is very clear as to the responsibility of school trustees with regard to safe-guarding the lives of students and others. The school authorities have endeavored to present the facts to the voters so there would be no misunderstanding as to the seriousness of the situation. The board has full confidence in the people of the district that they will vote the bonds on Friday."

When interviewed about Hedge's announcement, Mayor Charles Lambert stated:

"It is to be hoped that Redwood City citizens will see the necessity of spending a few cents per person to insure the lives of the community's children against the possible disaster of an earthquake. If the bond issue does not pass and the board of trustees is forced to clos ethe school, the loss to the community will be irreparable."

Mrs. J. E. Morrish, president of the Sequoia Parent-Teacher Association, informed of the board's decision, said:

"In view of the statement of the board of trustees that Sequoia high school will be definitely closed in case the school bonds are not passed. Sequoia district citizens in voting should seriously consider the expense and inconvenience, to say nothing of unhealthfulness, of temporary structures. Tent schools suit 'gold rush' mining towns, but not a permanent community like Redwood City."

Questioned about Hedge's announcement, Milton Hinds, local merchant, declared:

"The first thing new people coming to a city ask about is schools. If the citizens by not backing the bond issue force the trustees to close Sequoia school and move the students into tents, the entire area will suffer a commercial and moral loss. Schools are a city's biggest asset, and not to pass the bonds would be a reflection upon the entire community. We should keep abreast of the educational facilities in neighboring and competing communities. That means pass the bond issue."

Wallboard As Refuse Product May Be New S. S. F. Industry

A garbage disposal and reduction plant which would employ nearly 600 people the year round and involve an investment of about $2,250,000 may be established in South San Francisco in the near future if a franchise to dispose of San Francisco's garbage can be obtained, it was revealed today.

Establishment of the plant has already secured favor of the South San Francisco Chamber of Commerce and city council, since it would eliminate the objectionable system now employed and which has been the object of several law suits and is today being protested before the supervisor's committee in San Francisco.

The new industry would not endanger existing industries, it is pointed out by those interested. As proof of this, experiments have been carried on for five years in San Francisco across the street from a dairy, it was stated, with no objections being raised.

Under the plan revealed, the bay city's garbage would be placed in gondola cars and is sent during the night hours to a three-block-long plant to be located on San Bruno point at the bayshore. The garbage would immediately be sterilized by being placed under 300 pounds of live steam pressure.

It then would be placed on conveyor belts and sorted for by-products, principal one of which would be a wallboard for building purposes.

A market is available for all of the board that could be manufactured, sponsors of the industry claim. Most of it would be shipped to the Orient.

The new firm, name of which was not revealed, has an option on 100 acres of ground at the San Bruno point site.

Establishment of the plant hinges upon its ability to secure a 25-year franchise for disposing of the city's garbage. The firm now handling the garbage naturally will present strong opposition to the change, it is expected.

Liquor Limits Map Is Argued At Sacramento

Commuting delegations representing both the coalition group composed of Stanford University and property owners of Palo Alto and southern San Mateo county as well as the organized liquor dealers of Menlo Park were back in Sacramento today to attend the hearing of the state board of equalization.

Comptroller Almon E. Roth of the university said he was prepared to present a map showing the campus boundaries and the restricted mile and a half zone over which Stanford maintains liquor control jurisdiction under Section 172a of the state penal code.

Menlo Park, through City Attorney James T. O'Keefe Jr. and Jean Hoss, "one-man" lobbyist for the liquor vendors and resort owners who are selling intoxicating beverages in the controversial zone, also will appear before the board to counter with additional charts which will dispute Stanford's claims.

Comptroller Roth said he would confine his case today to presentation of the university's map and a brief relating to the dry zone area. This, as addressed to the board, reads as follows:

LINE IS SURVEYED

"For your information I beg to advise that Stanford University has run an accurate field survey to determine the exact limits of the mile and a half liquor restriction zone and from this survey finds that the most distant point of the mile and a half limit as applied to El Camino Real is 604.47 feet northwest of the central line of Glenwood avenue, Menlo Park, and 570.79 feet northwest of the central line of Valparaiso avenue.

This northerly boundary of the restriction zone runs through the property of Weeden Brothers, contractors.

"The distance is figured by direct air-line from the northwesterly corner of the Stanford Campus which corner is 616.89 feet north of the center line of University avenue at its intersection with El Camino Real and 1734.65 feet south of San Francisquito creek as shown on the maps of the state highway department.

"The southerly boundary of the Stanford campus is 1430.2 feet north of the center line of Stanford avenue at its intersection with El Camino Real."

NATURAL GAS DECISION MAY BE APPEALED

SAN FRANCISCO, Mar. 28 — Members of the state railroad commission, which issued the order November 16, 1933 reducing natural gas rates, intimated today that an appeal to the United States Supreme Court will be taken if the Pacific Gas & Electric Company is upheld in its fight against the commission by the federal court.

H. M. Wright, special federal court master in chancery, had upheld the utility in its fight against the order which would reduce rates $2,100,000 annually.

In his report to the three-judge federal court before which the contest is at issue, Wright recommended that the temporary injunction preventing the railroad commission from putting the order in force be made permanent.

The commission members pointed out that the order was made retroactive to July 16, 1933, which would mean if it were enforced at the present time that approximately $3,500,000 would be refunded to consumers.

Clean Health Bill Given Redwood City

Redwood City came through last week without a single case of serious illness being reported, it was revealed today in the weekly morbidity report of Dr. Charles C. Gans, county health officer.

Other peninsula cities did not fare so well. A case of scarlet fever, two of German measles and four of chicken pox were reported in Burlingame.

Chicken pox was also reported in Daly City, and in San Mateo, where there were two cases. San Mateo also had a case of Germah measles and two of ordinary measles.

In Belmont two cases of tuberculosis were reported.

Among the unincorporated areas, Lomita Park was reported to have a case of tuberculosis; East Palo Alto, a case of chicken pox; Menlo Park rural, a case of whooping cough, and North Palo Alto, a case of scarlet fever.

Atherton, Hillsborough, Menlo Park, and South San Francisco joined Redwood City in having a clean health record.

Early Start on Garbage Plant At South S. F. Is Seen By Call

Prospects for a start in the near future on construction on the huge garbage reduction plant in South San Francisco that would give work for a year to 1500 men in building the three-block-long structure and that would employ approximately 550 men the year round were bright today, county leaders felt after their appearance before the public health committee of the San Francisco Board of Supervisors.

The committee is considering eight bids submitted for disposal of the 600 to 800 tons of daily garbage from San Francisco. Only one of these bids proposes to dispose of it at no cost to the city and in an unobjectionable manner, Harrison W. Call of South San Francisco, one of those to speak before the committee, said.

This is the bid of the proposed firm, represented by John Porter of Watsonville and San Mateo, which would remove the garbage to the proposed plant on San Bruno point and reduce it to saleable products, principal one of which would be wall-board.

"We pointed out to the San Francisco supervisors that we realized there is a serious problem in disposal of the garbage, and that the fill and cover system is at best a poor way of disposal. Consequently if there is a better way, we felt it should be adopted," Call told The Tribune today.

"Since the patented "Puteart" system of reducing the garbage to other products would dispose of it at no cost whatever to San Francisco, and would provide work and a new industry, I don't see how they possibly can help accepting the bid of the new firm, which was accompanied by a $10,000 certified check to show it meant business."

Financing of the new company is all arranged, according to Porter, and a market for the wall-board and other by-products to be made from the garbage is assured. The principal market is the Orient.

The new company has already taken an option on a piece of ground at the San Bruno point site, and needs only a franchise from San Francisco for garbage disposal for 25 years before starting on its new plant, Call said.

However, the Sanitary Fill Company, now disposing of the garbage, is making a strong bid to secure renewal of its franchise. It even had a San Bruno attorney present at the meeting of the committee, which will make recommendations to the supervisors, to urge retention of the fill and cover method which disposes of the garbage in this county.

The supervisors committee was continuing its hearings today.

Mills Field Fair Committee Aides Announced By Chairman Call

Additional committees to carry on the campaign to secure the 1938 World's Fair for Mills Field were named today by Harrison W. Call of South San Francisco, chairman of the general site committee.

Heading the group which will present the program to San Francisco supervisors will be H. H. Beckner of San Bruno. He will have as committeemen Roderick McLellan of San Mateo, William Feary of Burlingame, Supervisor Al Witt of Daly City, Andrew Hinding of South San Francisco, Mayor Charles Lambert of Redwood City, H. C. Hall Jr. of San Bruno and Gilbert Keitle of San Mateo.

The publicity committee will be composed of Ray L. Spangler, South San Francisco, chairman; J. H. Sullivan of Menlo Park, Mrs. Alice van Bergen of Burlingame and Ode Osborne of San Bruno.

Call revealed today that he had received approval from District Attorney Gilbert Ferrell of the committee's using the planning commission experts and county engineer ot secure data on the airport site for presentation to the San Francisco board.

Engineer Carl R. Scott has on hand much information which he can make use of in determining what the cost of reclaiming the airport site would be, Call said.

Planning Commission Adviser Hugh Pomeroy today revealed that he has started to compile maps and figures showing the drawing power, accessibility and residual value of Mills Field as a fair site.

(Additional information on the Mills Field site will be found on page 3).

Socialized Talks Given at Meeting Of Toastmasters

Socialized talks were the order of the evening on Monday when the Redwood City Toastmaster's Club met in the cafeteria at Sequoia high school.

J. A. Buhler had the members of the club assume that they were the Redwood City council and addressed them on the subject of "the Sunday Closing Ordinance." W. P. Stevens appeared before the same body speaking on the subject "Extension of Water Mains on Eaton Avenue."

The members then "changed" themselves into a body representing the Business and Professional Women's Club while Andrew Spinas congratulated the organization upon receipt of its charter.

George McQueen gave an impromptu talk entitled, "The Complex Organization of a Modern Newspaper." Another impromptu talk was presented by Harold Anderson, who explained the difference between a civil and a criminal lawyer.

Herman Phillips acted as toastmaster, introducing the various speakers.

Criticisms were given by Jules

May Be Extended To Office Girls

SACRAMENTO, March 28 (AP) — A bill extending the present eight-hour law for women to include office workers is reported favorably to the assembly today by the committee on labor and capital.

The committee approved the measure, introduced by Assemblyman Wagner (D), Oakland, after one group of women has opposed it on the ground it would "discriminate" against women and give men an "unfair advantage" in seeking jobs. Another group of women favored it.

Opponents included Mrs. Amelia Johnson of Los Angeles, national president of the Soroptimist Club and head of the California Federation of Business and Professional Women, and Mrs. Alberta Lynch, president of the Business Women's Legislative Council.

RATE SLASH OVERTURNED

The Pacific Gas and Electric Company today won a sweeping victory in a federal court appeal when the state railroad commission ruling ordering a $2,100,000 natural gas rate reduction was reversed, the United Press reported from San Francisco. The ruling held the order "unconstitutional and confiscatory."

APPROVES O'CONNELL

The senate Tuesday confirmed nomination of Robert E. O'Connell Jr. as postmaster of Redwood City, the United Press reported.

Pick McCurdy For President Of County Bar

J. E. McCurdy of San Mateo was unanimously elected president of the San Mateo County Bar Association at its annual meeting held at Belmont Tuesday night.

Edmund Scott of Redwood City, former district attorney, was named vice president, and Joseph R. Fitzpatrick was elected secretary.

At the meeting, which was featured by addresses from Superior Judges A. R. Cotton and Maxwell McNutt and Attorneys Arthur W. Brouillet and Fred L. Berry of San Francisco, a resolution perpetuating the memory of the late Judge Franklin Swart, to be spread on the minutes of department 2 of superior court, was passed.

Retiring Pres. James T. O'Keefe Sr. presided at the meeting, which was attended by 37 members and guests. At the speakers' table besides those mentioned were District Attorney Gilbert Ferrell, Mayor Charles Lambert of Redwood City and Attorneys Hall Ross and John Coleberd. Fred Comba acted as secretary pro-tem.

In the resolution regarding Judge Swart, the attorneys declared that he "shone as a jurist," was "masterful and courageous," and was "one of the most interesting and capable of the many public officials who made the county of San Mateo distinguished."

Although a number of appeals were taken from his decisions, no verdict of the late judge was ever reversed, the resolution revealed.

"The 25 years of public service rendered the county by Judge Swart will not be forgotten by his fellow citizens," the resolution, which also offered condolence to his wife, stated.

Eagles of County Meet Here Tomorrow

The local aerie of Eagles will be hosts tomorrow night at its regular meeting in the Odd Fellows' Hall to the South San Francisco, San Mateo, Burlingame and Colma lodges in an associated aerie meeting.

Preceding the joint gathering, the local lodge will nominate delegates to the state convention to be held at Fresno in June. Three delegates will then be elected at the next meeting, and with Worthy President Charles Rockhold and Past Worthy President Evans Fletcher will constitute the local delegation.

Progress of the Eagles old-age pension plan will be discussed at the joint meeting, it is expected. The serving of refreshments under direction of Raymond Hall will conclude the meeting.

DRIVE TO KEEP FIELD STARTED

Communities Want Lighter-Than-Air Craft Retained

A drive to keep lighter-than-air equipment at Moffett Field, Sunnyvale, was underway today in San Jose, sponsored by the chamber of commerce.

Meanwhile, a copy of the secretary of navy's orders designating the station for heavier-than-air craft was received at the air station by Lieut.-Comm. Bernard F. Jenkins. In addition to stating that Moffett Field would be used for the heavier craft, different departments at the station were requested to list materials which could be shipped to Lakehurst, N. J., future lighter-than-air center for the country.

It was explained by Jenkins that this material would be of a usable nature in construction and instruction work at Lakehurst. Though nothing was said about the J-4, he indicated that dismantling of this ship and sending it back east would be in line with the program outlined.

A gradual demobilization of lighter-than-air equipment and personnel at the field and a similar gradual building up of the land plane squadrons was predicted. Commander Jenkins, again giving his personal view, said that the mooring mast would probably be kept in operative condition.

At the chamber of commerce, J. M. Silvey stated the organization had sent protests to the navy department and Representative John J. McGrath against removal of lighter-than-air equipment from Moffett Field. McGrath was asked to see proper authorities at Washington and express the viewpoint of communities in his district.

Legion Post Here Backs School Bonds

Unanimous endorsement of the bond issue to make Sequoia high school earthquake proof was voted Monday night at a meeting in the Veterans' Hall here of American Legion Post No. 105.

Bob Steiner, Sequoia debater, previously had given a short address to the group on the subject of the bond issue.

WINTERBURN HEARING SET

Preliminary hearing of C. F. Winterburn of East Palo Alto on a charge of driving while intoxicated was set for March 28 when he was arraigned before Justice of the Peace McAuliffe here late yesterday. Winterburn was arrested by local officers Sunday.

Water for Camp In Memorial Park Believed Assured

With a small amount of maintenance and repair to the present source of supply, sufficient water can be secured for Memorial Park to take care of the proposed new labor camp site.

This was the report today of County Engineer Carl R. Scott to the board of supervisors following a survey conducted in the park by himself, Fire Warden Werder, Health Director Gans, Park Superintendent Jensen, E. B. Bailey and Charles Ely.

A source of supply, however, for future needs at the park is now being sought by the engineer. Pescadero or Pomponio creeks may be utilized if quality of their water is found to be good. Otherwise a dam to retain water from Peterson creek, which now furnishes the supply, may be the only solution, Scott reported.

The reservoir would need to be located on a 360-acre station adjacent to the park, which could be purchased for about $7500.

A survey and estimates of this Peterson creek watershed would cost about $500, according to Scott.

FALLS OFF BAY BRIDGE, LIVES

"The fastest ride I ever took." That's how Harry Evans, San Francisco-Oakland Bay Bridge worker, explains his 125-foot fall into the waters of San Francisco Bay from a bridge tower. "Mostly I thought of how I was going to land while on the way down. Boy. I was glad when I hit the water. Right away I thought, 'lucky for you kid, you can swim'."

Youthful Burglar Granted Probation

Three years' probation on condition he first serve six months in the county jail was yesterday afternoon granted Charles Lane, youthful burglar who was captured in Burlingame recently looting a house, when he appeared in superior court here for sentence.

Fong Wo pleaded guilty to a narcotics charge when he appeared in court. Time for passing sentence was set for April 8.

Cases of Frank M. Londergan and Helen and Matt Gallagher were continued for a week.

Sign on a fuel yard in Paducah, Ky.: "Isemann, the coal man."

WARN AGAINST ANNEXATION

Annexation to San Francisco county should not be considered in the move to get the 1938 World's Fair for Mills Field, members of the site committee, county officials and civic leaders were warned this noon at Burlingame. Harrison W. Call of South San Francisco, Hugh Pomeroy, planning commission advisor, and others spoke. Data on the Mills Field site will be gathered and presented the San Francisco board of supervisors at their April 29 meeting, it was decided.

Menlo Park Parlor of Native Daughters of the Golden West held a card party Wednesday afternoon at 2:00 o'clock in the Masonic Hall of Menlo Park.

Funeral Rites Held For Henry Hartz

Funeral services were held in San Francisco at 1:30 p. m. today for Henry Hartz, 52-year-old SERA worker who had lived here for the past seven years. Hartz died late Saturday in a San Mateo hospital.

Surviving Hartz are his mother, Mrs. Augusta Thorton of 703 Cleveland avenue, and two sisters, Ethel Warner and Mrs. L. Hurst.

NEW 'PRO' NAMED

SAN MATEO, Mar. 26.—Arthur Bell, formerly of Honolulu, has been engaged as professional at the municipal golf course here, City Manager E. P. Wilsey said today.

NOTICE OF SALE OF REAL PROPERTY AT PRIVATE SALE BY ADMINISTRATRIX
No. 5265

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

IN THE MATER OF THE ESTATE of URBANO GRANUSSI, alias, DECEASED.

NOTICE IS HEREBY GIVEN that the undersigned, administratrix of the Estate of Urbano Granucci, also known as U. Granucci, deecased, will sell on or after the 15th day of April, 1935, to the highest and best bidder on the terms and conditions hereinafter set forth at private sale, subject to confirmation by the above entitled Superior Court, all of the right, title and interest and estate of said Urbano Granucci, alias, deceased, in and to an undivided one-half interest in that certain real property situated in the County of San Mateo, State of California, more particularly described as follows, to-wit:

Portion of Lots 19 and 20 in Block 3 as designated on the map entitled "Parkway Terrace," South San Francisco, California, which map was filed in the office of the County of San Mateo, State of California, on December 23, 1926 in Liber 14 of Maps at pages 63 and 64, more particularly described as:

BEGINNING at a point on the Northerly line of Palm Avenue, at its intersection with the Westerly line of that certain parcel of land conveyed by Michael Minucciani and Claurina M. Minucciani, his wife, to Peter Signorelli et ux by Deed dated March 2, 1927, and recorded March 4, 1927, in Liber 263 of Official Records at page 179, as said Palm Avenue is shown on the map above referred to; thence from said point of beginning North 15° 33' East 93 feet, more or less to the Northerly line of lot 20, said point being North 74° 27' West 6 feet from the corner common to lots 20-21 and 22 as shown on the above map; thence North 74°27' West along the Northerly line of lots 20 and 19.49 feet to the most northerly corner of that certain parcel of land conveyed by South San Francisco Land & Improvement Company, a corporation, to Michael Minucciani et ux by deed dated February 18, 1927, and recorded in Liber 281 of Official Records at page 400; thence South 15° 33'. West along the Westerly line of lands conveyed to Minucciani, 100 feet more or less to the Northerly line of Palm Avenue; thence Northeasterly on the arc of a curve to the left with a radius of 100 feet, 50.40 feet, more or less to the point of beginning. Said property is improved with a rough frame stucco house built thereon.

The terms and conditions of sale are:

In lawful money of the United States, payable as follows: 10% of the purchase price to accompany the bid for said real property and the balance on confirmation of the sale by the above entitled Superior Court.

Deed and abstract or other evidence of title shall be at the expense of the purchaser.

The right to reject any bid is reserved.

All bids must be in writing and may be left at the home of Angelina Granucci, administratrix of the Estate of Urbano Granucci, alias, deceased, at 576 Palm Avenue, South San Francisco, California, or may be filed with the Clerk of the Superior Court of San Mateo County at any time after the first publication of this notice, and before the making of said sale.

DATED: March 28, 1935.

ANGELINA GRANUCCI, Administratrix of the Estate of Urbano Granucci, alias, deceased.

A. J. SCAMPINI, Attorney for Administratrix, 485 California Street, San Francisco, Calif.

March 29; April 5, 12, 1935.

McAloney Appointed Permanent Director

Civic Club Letters On Annex Prepared

Letters to all civic organizations in San Mateo county asking them to send representatives to a meeting here April 5 to express their opinions on the proposed election to vote on the courthouse annex were being prepared today by County Clerk E. B. Hinman.

At least one club has already gone on record as being in favor of the election, it was revealed with receipt of a communication by the supervisors from the North Fair Oaks Improvement Club, urging the board to call the election.

M'GUIRE STILL MAYOR

SAN BRUNO, March 28—Mayor E. J. McGuire will finish his term, which ends in 1936, as head of the city council, it was decided at last night's meeting, at which time it was also decided to extend fire protection of the city to Tanforan with the installation of two new hydrants.

Vernall to Contact 8th Division Vets

Thomas Vernall, past commander of Redwood City Post No. 105 of the American Legion, will be the contact man between Redwood City and San Jose for the eighth division reunion April 10 at the Press Club in San Francisco.

Vernall, a former sergeant major of the eighth infantry, Eighth U. S. Division, was appointed to the position at a meeting of Fred G. Bunch Post No. 116 of San Francisco.

All former members of the Eighth Division are requested by Vernall to get in touch with him at Territo's Market for further details.

POWER SAVINGS MADE

Recent reductions granted cities and counties for street lighting by the Pacific Gas & Electric Company will save the county $26.68 per month, $320.16 per year, a communication to the board of supervisors from the company revealed today.

Treasurer Bond Plan Hearing Due Monday

Reduction of County Treasurer Harry Jenkins' bond from $150,000 to $100,000, as recently decided upon by the board of supervisors to effect a $1500-per-year saving, resulted today in the American Employers Insurance Company filing request in superior court that the $150,000 bond they now carry on Jenkins be canceled.

The matter is scheduled to be heard in court Monday.

In the meantime, Jenkins is negotiating for his new bond of $100,000 with another company.

MOTORIST BADLY HURT

BURLINGAME, Mar. 22.—When he apparently lost control of his machine and it overturned on the Bayshore highway near here, Carl W. Rothwell of San Francisco incurred a possible skull fracture, possible broken back, numerous cuts and abrasions in an accident near here this afternoon.

MENLO PARK

The rainfall in Menlo Park has been 14 inches so far as against eight at this time last season. In early years the normal rain was 18 inches, which fed the wells in the community, giving ample water for irrigation. Rarely has the San Francisquito creek flowed at this season of the year but now the stream has a depth of five feet of water, all of which is going to waste. Some day this will all be changed. The watercourse will be damned and the season's downpour saved for the people.

The weekly target practice of Officers Kearney, Roach and Andrews are making them expert shots. Culprits who may attempt to run away when being arrested should remember that these officers have an unerring aim.

Miss Sarah Richard, a native of Switzerland, after a long and painful illness, passed away at the home of her sister, Mrs. George Angus, Oak Grove avenue, Menlo Park. The deceased had resided in this county for 42 years, 28 of which she spent in Menlo Park. For the past 10 years Miss Richard lived with her sister, who survives, together with a nephew, George Angus, an official of the California Packing Company. The deceased was beloved by all who knew her.

It is rumored that Bing Crosby, the famous crooner of Hollywood, is about to purchase the Perry home at Atherton. The noted singer was here Thursday looking over the property. The dwelling was recently vacated by the owner, who moved into a new house. Crosby has a string of race horses at Bay Meadows. He will enter them at Tanforan when that track opens in a few months. Bing and his talented and beautiful actress-wife would be a big attraction for local society. A portion of their time will be spent at Hollywood.

The untimely death of Miss Elizabeth Gladys Hoff at Palo Alto last Saturday was a shock to her many friends in Menlo Park where her grandparents, Mr. and Mrs. James Hoff, reside. Her death cut short a teaching career for which she had prepared herself by hard study at the University of California and the State Teachers' College at San Jose. She is survived by her mother, Mrs. Gladys Hoff, and sisters, Dorothy and Marion Hoff. The deceased was a native of Menlo Park, aged 25 years.

Veteran units and auxiliaries from Redwood City, San Jose and San Mateo, united this week in an entertainment given at the United States Veterans' Facility in honor of Mrs. Mamie Robinson, director of recreation at the hospital.

After a concert by the SERA archestra, Isabel Weeden Lindquist, president of Menlo Park American Legion Unit No. 443, sang several songs and presented a gift to Mrs. Robinson.

Miss Lindquist then acted as master of ceremonies at a large program featuring entertainment numbers from various posts and auxiliaries.

Ex-Mayor Dedou of San Leandro visited Mayor W. H. Weeden this week.

State aid would be sought by Menlo Park for the relocation of buildings on the west side of El Camino Real between Santa Cruz avenue and Oak Grove avenue under a plan presented to the city council Tuesday by J. H. Sullivan in behalf of the planning commission.

Sullivan pointed out existing traffic dangers at the Sant Cruz avenue intersection wit hthe state highway because of overhanging buildings and blind corners.

The council endorsed the planning commission's resolution asking the state highway commission to appropriate funds for this purpose.

A request from the division of highways for data regarding contemplated street improvement projects to be financed from the quarter cent gas tax fund allocation, found the council with two suggestions.

Councilman Irving Dunn was of the opinion that the money, amounting to $3,040 for the next bienium should be spent on further improvement of Santa Cruz avenue.

Councilman E. H. Hart suggested that a representative be sent to confer with the state highway engineer as to the possibility of using this fund for installing sidewalks along El Camino Real from the Menlo Park Grammar School to the goat farm. No action was taken on either suggestion

A proposal that the city council adopt an ordinance prohibiting the sale and use of fireworks at any time was made by Fire Chief Thomas Cuff.

On motion of Councilman Carroll, the matter was laid over as special business at the next meeting.

A communication from the San Bruno Chamber of Commerce requesting endorsement of the Mills Field site for the San Francisco Exposition in 1938 was read and approved.

Plans for sending a member of the Menlo Park Boy Scout Troup to the Scout Jamboree in Washingtod, D. C., this summer were revealed by Scoutmaster Leroy Beech.

A son was born at the San Jose Hospital Friday to Mr. and Mrs. Reuben Pollock (Elsie Landels) of Atherton. This is their second child, there being an older boy two and a half years of age. They are grandsons of Rev. and Mrs. T. D. Landels of Los Altos.

Fifty couples attended the Saturday night dance sponsored by Menlo parlors of the Native Sons and Daughters of the Golden West. The event was held at the Family Club on Live Oak avenue.

Mrs. A. M. Wilde, of 318 Donohoe street, East Palo Alto, is convalescing at her home today after a week in the Palo Alto Hospital. Mrs. Wilde is the mother of Oscar Wilde.

Kellogg Declines Scott's Request For Explanation

Denial on the part of County Executive Walter Kellogg that he intended making any change in the department greeted Carl Scott's demands Tuesday afternoon for a showdown as to just how long he was to remain as county engineer.

"I don't know a thing about any changes," Kellogg told the engineer, when asked point-blank if there were truth to the rumors he was to be replaced by Urban S. Marshall or any other engineer.

"I have no statement whatever to make at this time.

"I will see you later, however, and talk to you about the matter," Kellogg told Scott.

Term of Burglar Set at 5 Years

Term of Robert Logan, sentenced to San Quentin prison from this county February 9, 1934, has been set at five years, the board of prison terms and paroles today advised County Clerk E. B. Hinman.

Logan, arrested for burglarizing the Levy Brothers store in Burlingame January 14 of last year, confessed that he had also stolen $105 from the Broadway Creamery there and $70 from the Lynch Brothers service station in that city.

Horseradish is a native plant of Eastern Europe. At one time the French called it German mustard.

Sun rays are not heat; they are a form of energy called radiation.

Police Seize Killer Suspect For Arizona

Youth Arrested Here While on 'Stroll' Along Highway

Wanted in connection with the murder of a railroad police officer in Bowie, Ariz., according to Police Chief C. L. Collins, Jack Sullivan, 22, was held here Monday in the county jail awaiting extradition to Arizona.

Chief Collins and Police Sergt. S. D. Wood arrested Sullivan Monday as he was "strolling" along El Camino Real.

The Southern Pacific special officer, John Bradbury, was killed, it is charged, in a running gun battle in which Edward Wilkins, one of Sullivan's asserted confederates and an ex-convict, was also killed. Bradbury was shot in the stomach with a bullet from a 45-caliber revolver, according to police reports.

Released on parole from Colorado State Penitentiary where he served over a year for an armed robbery of a service station in Pueblo, Colo., Sullivan is now wanted by the Colorado police for further charges, Collins reports. His police record includes an arrest in Redwood City for drunkenness and illegal possession of liquor in November, 1932.

Sullivan's sister, now in Arizona, formerly lived here, but when Sullivan was questioned last night by local police and the chief of the Southern Pacific Police, Dan O'Connell, five of his assistant chiefs, and four other agents, he said he came here because he "liked the climate."

William ("Bill") Werder, former Stanford broad-jumper, who was injured a week ago in a service station robbery here, was called in by police Monday night in an attempt to identify Sullivan as the man who hit Werder with a blackjack and left him unconscious on the floor while he robbed the cash register and escaped with $9.35. Werder did not think that Sullivan was his assailant, however.

P.-T. A. Lends $323 To Sequoia Students

Loans made to needy students fram the revolving fund of the Parent-Teacher Association of Sequoia high school totaled $323.88 during the past six months, the financial report sent in to the district secretary revealed today.

The loans, which are made at no interest to pupils who are expected to repay them later in cash or in work for the school done after school hours, totaled $128.08 for clothing and sewing supplies; $84.37 for text books; $36.65 for food at the cafteria, and $74.78 for glasses.

F. A. Bloom Named C. M. T. Registrar

F. A. Bloom, Burlingame, has been appointed the military training camps association representative for San Mateo county. He will be in charge of the association's activities in enrolling suitable young men for the 1935 C. M. T. camps.

ROBINS ARE HERE
But They're Not Game
$25 TO LEARN IT

Spring may have come, and all that, but it still isn't robin-shooting time.

That was the lesson learned today, at a cost of $25 each, by Mariano Ferrer and Jack Ramat, who were caught by Deputy Game Warden Frank Bloomhauer near Woodside shooting non-game birds.

Two robins had already been bagged by the hunters when the warden arrived.

That the pair knew they were violating the law was evidenced when Bloomhauer discovered the robins in the deflated tire casing on the spare wheel of the men's machine.

Brought before Justice of the McAuliffe, they pleaded guilty to the charges and paid $50 into the court's coffers.

LEGAL

NOTICE OF TRUSTEES' SALE

On Tuesday, the 23rd day of April, 1935, at 10:00 o'clock a. m at the front door of the county court house in Redwood City, San Mateo County, California, ASA E HULL and O. E. DOYLE, Trustees said Asa E. Hull and O. E. Doyle having been stubstituted as trustees in the place and stead of F. P. Chemberlain and J. L. Ross, deceased, will sell at public auction to the highest bidder for cash in lawful money of the United States the following described real property situate in the County of San Mateo, state of California, and known and described as follows, to-wit:

Lot number twenty-six (26) of the Dominga Tract, as per map thereof filed in the office of the recorder of the County of San Mateo, state of California, November 15, 1895, in Volume "B" of Maps at page 49, to which said map and the record thereof reference is hereby made and the same made a part hereof.

Said sale will be made to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by W. J. BELCOURT and CARRIE J. BELCOURT, his wife, as trustors, to P. P. Chamberlain and J. L. Ross, as trustees for San Mateo County Building and Loan Association, a corporation, as beneficiary, dated June 16th, 1927, and recorded in Volume 300 of Official Records, page 65, records of San Mateo County, state of California; that trustors have made default in the payment of principal and interest on said deed of trust and the promissory note secured thereby, and in the payment of taxes on said real property, which default still continues.

Notice of breach of said obligation and election to sell said real property was recorded on December 15th, 1934, in Volume 637 of Official Records, page 371, said San Mateo County records, and more than three months from the date of the recording of said notice of default and breach and election to sell have elapsed.

This notice is given in compliance with the demand heretofore made on said trustees by San Mateo County Building and Loan Association, a corporation.

Dated: March 22nd, 1935.

ASA E. HULL,
O. E. DOYLE,
Trustees.

ROSS & ROSS,
Attorneys for trustees.
March 29; April 5, 12, 19, 1935.

LET'S NOT LET THIS HAPPEN AT SEQUOIA .

Here is what happened to a school in Compton, California, during the severe earthquake of March, 1933, and what Sequoia trustees are seeking to avert in calling for a favorable vote tomorrow on the $75,000 high school bond issue to 'quake-proof seven Sequoia buildings. Sequoia trustees declare that it will be necessary to shut down the school plant if the bonds fail. The alternative will be conducting schools in tents and temporary frame structures. The $75,000 cost for strengthening the buildings is less than 15 per cent of the $483,929 invested in the school structures. Cost to the individual property owner having $5000 worth of property will be 65 cents per year. The bonds will require a two-thirds vote, so that all supporters of good schools should go to the polls and cast their ballots for uninterrupted education of the community's youth.

Two Probes Planned Into Marine's Death

SUNNYVALE, Mar. 25.—Two investigations—one county and one naval—were set for today into the death of Private Clark Winkler of Glendale, member of the Moffett Field airbase marine detachment. Winkler was killed while walking along the Bayshore highway Saturday night when he was struck by the machine of F. E. Jones of Campbell.

A muskrat is no more a rat than is a rabbit; yet both are rodents.

School Dental Clinic Examines 100 Pupils

Approximately a hundred students have received dental examination at the Sequoia high school's clinic since its opening March 18, it was revealed today.

Funds for the clinic are raised monthly by the school councils through the advisory rooms and by contributions from the Parent-Teacher Association.

Children in need of dental attention are advised to secure it through their family dentists. Only children whose parents can not afford such an expenditure will be cared for at the school clinic by Dr. Rollo La Berge, dentist in charge.

5-Cent Coffee 'Out' After First of Month

SAN MATEO, Mar. 26.—No more 5-cent coffee here or in Burlingame after April 1.

That was agreed upon last night when members of the restaurant and soda fountain associations met to decide upon higher prices to cope with the mounting cost of foodstuffs.

It was also agreed that this would be the last month in which any 10-cent sandwiches could be obtained here. Furthermore, no potato chips will be served with sandwiches in the future, even at a pricer higher than 10 cents.

BRICK THROWER SENTENCED

William S. Sarisky, 23, who tossed a brick through a San Mateo plate glass window in order to get a bed in the jail there, Monday was starting to serve a 30-day term in the county jail here, following his sentence by Judge L F. Kinnell.

The Klamath Indian tribe, located on a 1,000,000-acre reservation in Southern Oregon's mountains, is the world's richest community, having a potential per capita wealth of $28,000.

Rice Is Scattered As Truck Overturns

Scattering rice over the highway and obstructing traffic for nearly two hours, a truck and trailer loaded with 100-pound sacks of rice belonging to Hauck's Fuel and Trucking Company of Sacramento overturned on the Bayshore highway a mile south of here Monday afternoon.

Patrolman John Couch, who happened to be a short distance behind the truck when the accident happened, said he believed the driver, whose name he did not obtain, fell asleep, and that when he was awakened by the truck's going off the highway, jammed on the brakes, causing the machine to turn over.

The driver, pinned in his cab, was extricated unhurt, by the officer.

LEGAL

NOTICE OF TRUSTEE'S SALE

On SATURDAY, the 13th day of April, 1935, at the hour of 9:01 o'clock A. M., at the main entrance to the County Court House Building at Redwood City, San Mateo County, California, H. F. MULLIN, as Trustee, will sell at public auction, to the highest bidder for cash, in lawful money of the United States, the following described real property:

All those certain lots, pieces or parcels of land, situate, lying and being in the County of San Mateo, State of California, and more particularly described as follows, to-wit:

Lots 1, 3, 4, 5, 6, 7, 11, 13, 14, 15, 16, 23, 24, 25, 26, as shown on that certain Map entitled "POLHEMUS ACRES, Atherton, California," filed in the office of the County Recorder of San Mateo County, June 12, 1928, in Book 17 of Maps at page 4.

Said sale will be made to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain Deed of Trust executed by FRANK P. WALCOTT, a single man, to H. F. MULLIN, as Trustee, for the benefit of M. A. THOMAS and C. C. SULLIVAN and GEORGE H. BROWNING and ELLEN M. BROWNING, and recorded in the office of the County Recorder, San Mateo County, State of California, on the 2nd day of February, 1932, in Liber 556 of Official Records, page 68, San Mateo County Records.

Notice of Breach of said obligation and election to sell said real property was recorded in the office of the County Recorder of the County of San Mateo, State of California, on the 16th day of July 1934, in Volume 624 of Official Records, at page 406, San Mateo County Records.

THIS NOTICE IS GIVEN in compliance with the demand heretofore made on the said Trustee by M. A. THOMAS and C. C. SULLIVAN and GEORGE H. BROWNING and ELLEN M. BROWNING, the beneficiaries.

DATED: March 20, 1935.

H. F. MULLIN,
Trustee.

March 22, 29; April 5, 12, 1935.

Police Puzzled By Suicide Note Found Near Bay

A note scrawled on a cardboard carton which originally contained a bottle of beer was puzzling San Mateo police today as they endeavored to find the ex-wife of a supposed suicide.

The note was found at Pacific City, on the bayshore near there. It read:

"On this day, March 11, 1935, I, Peter Kalosis, tired of living, walked into the bay.

"Please notify my ex-wife, Mrs. F. Gianni, of 32 Cross street, San Francisco. My will is at the Hibernia bank, main branch, in safety vault No. 329."

Police called twice at the San Francisco house, but were unable to contact Mrs. Gianni. Her husband said he had never heard of Kalosis. The San Francisco bureau of missing persons has been asked to check the bank, officers said, but no report has as yet been received on the bureau's findings. Nor have police been able to find the body of Kalosis or any of his clothing, they reported.

The note was found by Earl McCollum and Donald Benedict, school boys.

The "wildcat" siren which for 35 years gave the alarm when youths escaped from Kansas reformatory has been replaced and made into a flower pot which was presented to the wife of Superintendent Noah Wiggins.

Of 3,300,000 orchard heaters in use in California, 2,900,000 are oil burning.
